**INDUSTRIAL GRADE**

# Work Site **STRING LIGHTING**

- These outdoor heavy duty string lights are an ideal solution for construction and work sites, renovation projects, parking lots or other large areas where temporary lighting is needed.
- For general contractors and electricians alike, proper jobsite lighting can improve productivity and worker safety.
- Resistant to all weather conditions, thermo-vinyl jacket gives added flexibility in temperatures below freezing.
- Molded on, weather-resistant light sockets are spaced 10 feet apart.
- An integral hook located on top for attaching to a messenger wire for support suspension.
- Sockets will accommodate up to 200W.
- All connectors are molded on, weather-resistant and will not pull apart from the cord.
- A rugged lighting system that contractors can rely on.
