Hot Water	Yes
Steam or Gravity	Yes
750 Millivolt	No
Gas Fireplaces (24 Volts)	Yes
Electric Baseboard Heat (120-240 Volts)	No
C-Wire Required*	Yes

7-Day Flexible Scheduling or Location Based Temperature Control

It's your choice. 7-day scheduling programs your thermostat. Geofence technology helps make you comfortable by using your smartphone's location to know when you're away and when you return.

Smart Alerts

Push notifications remind you to change your filter and warn you of extreme indoor temperatures.

Auto Change From Heat to Cool

Automatically determines if your home needs heating or cooling to provide maximum comfort.

Fan Operation*

Custom fan settings to circulate more or less air, as needed, to keep air moving throughout your home.

*Fan control dependent on wiring configuration.

Connected by Lyric app

Lyric is a Wi-Fi connected platform that is designed to simplify home comfort, security and awareness by controlling connected home products with a single app. Control from anywhere by smartphone or tablet.

Display Options

- °C or °F temperature display
- 12 or 24 hour clock configuration.
- Touchscreen display
- Displays set point and indoor temperature simultaneously
- +/- 0.5 C degree temperature control
- Permanent and temporary temperature hold

Minimum system requirements for use with Wi-Fi:

- 802.11 b/g/n wireless router, 2.4 GHz
- Android or iOS smartphone or tablet
- Lyric app for Android (4.3+) or iOS (8.2+) (App is available in English and French)

Use of the HomeKit logo means that an electronic accessory has been designed to connect specifically to iPhone or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPhone or iPad may affect performance.
